She said she will not have to send money for deposits for a while. She announced the reimbursement schedule.

Clarine asked that the officers and subcommittee chairmen fill out the 2001 budget requests. She asked that the requests be sent back to her by the August meeting so that she can present to the Committee the 2001 Budget. Motion by Ridout to accept the Treasurers report, Second by Moore, Passed – all members agreeing to the motion.

**Chairman - Julie Paque absent; presented by Rick Windes Vice Chairman of Administration**

Rick said that during the month, there was a complaint by San Francisco Bay Swimmers that they were not in the July-August Newsletter. Rick said that the Pacific Masters Championships and Russian River events, scheduled for the same weekend, were in the newsletter.

Nancy Ridout said that she thought the tone of the correspondence was not acceptable and would not lead them to their desired response. Alan Levenson said that the Aquatic Park event was announced in the May- June newsletter and that all Pacific tries to do is to be sure that each event is announced once. Nancy said that thought they had a legitimate complaint – there was not reason for Santa Cruz to be in there as that event had a June entry date; Russian River was on the same weekend as the Aquatic Cove swim. A mistake was made; she is only upset about the tone.

Joan Alexander is the chair of the Coach of the Year selection committee, but she was absent. A report has to be made tonight so that the committee can ratify it before the Long Course Championships where the award is to be presented. There was no member of the committee present, A telephone call will be made to Julie Paque to find out the choice of the committee for the Coach of the Year.

Rick reported that Dave Dehl said there is a draft proposal by USA Swimming that officials working at a Masters meet will get credit for meets worked.

Rick said that now is the time for proposed changes to the bylaws be submitted so they can be considered at the annual meeting.

**Vice Chairman Administration – Rick Windes NR**

**Vice Chairman - Operation Barry Fasbender NR**

Barry has a copy of the National Stroke Association newsletter, which he passed around. It had some favorable things to say about Masters Swimming. Nancy Ridout that the USMS and Stroke Association fund raiser Stroke for Stroke deadline has been extended until the end of summer.

Secretary - Joan Alexander absent

At Large Delegate –Michael Moore

Michael reported that at the Santa Clara International Swim meet some vandals broke into the venue then went into the Dean and Jaquie Dillingham timing trailer. They stole some equipment that was in the trailer, broke other equipment then pushed the trailer into the diving well. Michael said he thought the Dillinghams will valuable part of the local swimming community. Motion by Moore to send a check to the Dillinhams to help them replace some of the stolen or broken equipment. Seconded by Ridout.

Nancy said that she had talked to both Dean and Jaquie Dillingham yesterday. At first they were very discouraged about the loss of the equipment, but they have been enhearted by the outpouring of sympathy by the swimming community. They said some of their loss may be covered by insurance, but not all of it. Even if they have the insurance, it would not cover all of their loss.

There was a discussion on the floor about having enough reserves fore the organization. Is this a proper function of Pacific Masters Swimming. Should Pacific Masters loan the Dillinghams the money?

There was a friendly ammendment to change the amount from \$1,000 to \$5,000. Motion to give the Dillinghams \$5,000 to help them replace the equipment that was lost in their timing trailer was agreed to by the Committee..

The average daily transfers is up to 38MB a day. The day after a meet, there are many people looking for results. I am now putting out a weekly update that is sent out to the people on the email list. When there was a problem with the Aquatic Park Cove swim, part of the update covered the event. Michael said that he will email to the team representative that teams roster from the Pacific Masters roster. He will send it out only to the team rep or to the teams reps designee.

The Committee then took up the Privacy Statement. Alan Levenson moved to adopt the Privacy Statement. Nancy Ridout said she thought that the Privacy Statement should be much shorter, perhaps just a couple of sentences. Michael Moore said that Privacy Statement should tell the membership how Pacific Masters treats their registration information. Pacific sends registration information to USMS and to the clubs. Pacific cannot keep the information totally private, but given the world that Pacific operates, Pacific will try to keep the information confidential. This is also a working document so that as situations arise, they can be addressed by the Committee.

Nancy asked for a change in one paragraph – the change was agreed to. The Committee agreed to the Privacy Statement.

Meet Operations - Barry Fasbender

Barry received the application for Short Course Meters Championships. Barry asked the committee its preference between 6 competition lanes with a buffer lane and a warm up lane or 6 competition lanes with no buffer lane and two warm up lanes. The sense of the committee was that there be one buffer lane and one warm up lane. For the 1500 M freestyle and the 800M freestyle, the meet will accept the first 48 entries only.

Officials - Joan Smith

There are not currently scheduled officials clinics in Sierra Nevada or Pacific Swimming. Joan had spoken with some meet officials, those officials think that it should be the responsibility of the Meet Director to get enough stroke and turn officials.

There was a discussion about how to reimburse deck officials for expenses they incur for going to Masters meets.

The committee voted to adopt for the Pacific Masters Long Course Championships:

That any for any deck official who worked at least two days Pacific Masters would pay up to \$250.00 to help defray personal expenses. The Committee would allocate up to \$1500 for this meet.
